

2015 Buyback Program

hurry limited inventory

The association has recently acquired some weeks through a lawsuit in the State of Washington and is offering them to owners, their family or friends with a 5 year buyback option.

Cost per week is:

2 bedroom red \$2,500.00

2 bedroom white \$1,500.00

2 bedroom blue \$500.00

A \$300 non-refundable closing fee will also be charged to each sale.

This sale will include owner privileges and the RCI points membership for the first year.

At the end of 5 years, if all maintenance fees/assessments are current, the purchaser will have the option to sell their unit back to the Association for the Cost listed above.
